Ref. No.

Date 16th July-2026

This IS to certify that we have installed the 40 spindles of the SMEW Soft package winders with BLDC Motors technology, along with the overfeed device, on April 26.

We are happy to inform you that we are fully satisfied with the working performance of the SMEW make Machine.

We also wish to state that its working performance is quite comparable with other foreign make of the machine working in our plant at a very cost-effective price.

- We are getting Length accuracy in the range of + - 1% as well as getting power savings in the range of 60 to 70 % compared to another machine we have with AC motors
- Package to package density uniformity is also very good, reducing our no of rejected packages for yarn dyeing
- We are also happy with their after-sales support as well as their customer-friendly attitude.

We wish them all the best of success for their new development

Aman Sirari
