TO WHOM SO EVER IT MAY CONCERN

This is to certify that we have installed new SMEW make Re winding machine with BLDC motor is working in our mills from last 6 months and we are so far fully satisfied with working performance and support given by SMEW Textile Machinery Pvt.Ltd Ahmedabad.

We also confirm that we are getting Length Variation within $\pm 1\%$ range and we are also getting power saving in the range of 50 to 60%. We wish them best of Luck in their future development.
